

Equipment for Camping

This list is far from being perfect. It is fairly comprehensive, but if you use it and find you have something missing, ask to borrow!

Please understand that we are in Bear Country so all precautions need to be taken to keep everyone safe. Food must be stored in rubber maid tubs, grocery bags and cardboard boxes are first not safe, and second mice and small critters will just enjoy themselves completely. A cooler with ice must be used if you plan on bringing any kind of meats or dairy items. At night, you will be asked to put your food in your vehicle for storage, not your tent.

Equipment List for Camping
